

TOWN TRUSTEES

Regular meeting Monday Night.

C. S. Preble Elected (?) Town Clerk.

But His Bonds Not Approved.

No Trustee Selected for the Vacant Place.

The Board Refuses to Pay the Electric Light Company's Bill - It Goes over one week.

Board of Trustees.

The meeting was called to order by Trustee Acton who inquired if Clerk Woodsum could not act until his successor was elected. The town attorney stated that there was no authority to appoint any one outside of the Board of Trustees for the purpose of taking down the minutes of the meeting that evening. Trustee Whiting moved that Trustee Stubenrauch act as clerk for the meeting. Trustee Stubenrauch declined to act as clerk. Mr. Graber said that the trustee could act as clerk for the minutes but can sign no legal documents. Trustee Acton then asked Stubenrauch to act for the time being.

Trustee Whiting then said he thought the first business was to elect a trustee. Town Attorney Graber said you must have a clerk as an executive officer. There was no authority for anything else. A member can act a clerk for the purpose of taking the minutes. Trustee Stubenrauch then consented to act for the time being.

Trustee Stubenrauch then nominated C. S. Preble as a competent man to fill the vacant position of clerk. Trustee Acton, who was in the chair, asked Trustee Hadlen if he would take the chair until he seconded

the nomination of clerk to fill all meetings of the Board.

Trustee Whiting then said: "I want a definition of Section 3, where it says the Board must consist of five members."

Town Attorney said: "It may be vested in three or two trustees."

Trustee Whiting replied: "If two members are sufficient, why get three? They must all agree. I claim that there is no legal number except five. Any less than that is not legal."

Trustee Acton said: "Then the member is not legally elected."

"Whiting: 'I was elected by the members of the Board.'"

Trustee Acton: "I was giving you a little advice."

Whiting: "The vacancy of a trustee must be filled first. I think the vacancy should be filled first by a person who is qualified to vote for a Clerk."

Trustee Hadlen: "I think a trustee should be elected first."

Whiting: "We have a president or chairman now."

Trustee Acton: "It is moved and seconded that C. S. Preble be elected."

Whiting: "Cannot be elected without calling the roll."

Trustee Stubenrauch then commenced calling the roll, naming Whiting first.

Trustee Whiting said: "Call the roll in the usual way. I want the roll called in the usual way."

The result of the vote was two ayes and two noes. Whiting and Hadlen voting no, Acton and Stubenrauch voting aye. Trustee Stubenrauch then said he would officiate until a clerk was elected.

Trustee Whiting: "I move we adjourn. I object to the method."

Town Attorney Graber said "Without a Clerk you can do nothing." There was a little side play between Trustee Whiting and W. J. Schmidt, which made a short break in the proceedings. The election of Clerk being lost Trustee Hadlen again said a trustee should be elected first. Town Attorney Graber then stated in relation to Woodsum's retirement that when a resignation is made it must take effect notwithstanding the law. Trustee Acton asked if the Board could be forced by law to elect a clerk. Mr. Graber replied in the affirmative. Trustee Hadlen then said the first business is to elect a President. Trustee Acton—Let us attend to business, I want to get out of here. Trustee Whiting, "I move we adjourn. I think we ought to elect a trustee from North Berkeley." Trustee Hadlen, "I think we ought to elect a President of the Board—the first man to place in position."

Nomination for President are in order." Whiting, "Don't think less than a full Board should vote on the subject." Trustee Acton was nominated and Trustee Whiting said, "I take great pleasure in seconding the nomination of Trustee Acton as President during the pleasure of the

Board." Trustee Acton was elected to fill the position accordingly. Trustee Acton, "I thank you kindly for electing me."

Trustee Stubenrauch, "I move we appoint a clerk and nominate Mr. Preble for the position." President Acton seconded the nomination. One aye was given and two noes for Mr. Preble as clerk of the Board. President Acton, "Members will prepare their ballots for clerk of the Board." There were only two votes cast, Trustees Whiting and Hadlen declining to vote. These ballots were for C. S. Preble. Trustee Whiting remarked, "Looks as if this thing was set up." "I had three members of this Board who were to vote for me." Trustee Hadlen, "I wanted a trustee elected first and then I would vote for Mr. Preble." Trustee Whiting "I don't object to Mr. Preble but I object to the way Town Attorney Graber decided that as Mr. Preble had received a majority of the votes cast he was elected clerk. The bond must be approved by the Board of Trustees. Trustee Hadlen, "I insist upon a trustee being elected first." Trustee Whiting, "I think the whole Board should pass upon the bond. Should like to ask if the president objects to my seconding the motion of Mr. Gordon. President Acton, "It is moved and seconded that the bonds be accepted." Mr. Preble upon being called upon presented a bond signed by Messrs. Armstrong and Finn. Whiting and Hadlen voted against accepting the bond.

When a decision of the vote was asked for the President said he would hold the decision under advisement. Trustee Hadlen said: "There is a motion before the house."

President Acton: "Please state it."

Hadlen: "Please put the motion. I nominated Mr. Gordon, and it was seconded."

Trustee Stubenrauch: "I would like to know if Mr. Gordon is willing to accept, and would like to have it laid over until next meeting."

President Acton: "Motion was made and seconded, and it is in order to go into an election of a trustee."

Messrs. E. J. Gordon and Dr. J. C. Anthony were placed in nomination, and the result was two votes for each. Trustee Whiting moved to adjourn—two ayes and two noes. Trustee Hadlen: "I promised to vote for Preble as clerk, and they promised to vote for my man as trustee."

Trustee Stubenrauch made some reply, which the reporter did not catch. Trustee Hadlen again said: "I move we proceed to nominate a trustee."

At this stage of proceeding Editor Nash of the GAZETTE happened to sit down in the vacant seat of the wanting trustee, when President Acton said to him: "Reporters will please not take the seats of the members. Your place is over there," referring to the reporters' table. Editor

Nash replied: "I thought my place was outside of the rail."

President Acton: "You will get outside soon enough."

Trustee Hadlen: "I move we proceed to elect a trustee."

President Acton—"Is there any bills to be passed." Some one happened to pass by the reporter's table when President Acton said to the reporters, "this is no circus, you take up half of the hall already and own it I guess." It was then moved and seconded to going into the election of a trustee. Daniel Donovan and Dr. J. C. Anthony were placed in nomination. At this point W. J. Schmidt whispered "second the nomination of Donovan." President Acton, "prepare your ballots. Acting Clerk Stubenrauch collected the ballots in a hat and remarked as he turned over, "I will snake out a trustee." He failed, however, as each candidate received two votes each. Five ballots were taken and there was no change from the first ballot announced. President Acton, "What disposition will you make of the bills." A question here arose in relation to the bills of the Electric Light Company. "The Town Marshal said many complaints are made that lights were not burning." It was also stated that Mr. Niehaus said if the Board did not employ an expert in relation to the electric lights, he would.

Trustee Stubenrauch, "I hear everybody is pleased." Trustee Whiting, "They should burn dark nights, when they don't burn at all."

President Acton, "Does the Board wish to hear Mr. Gardner on the question?"

Mr. J. G. Gardner said an expert can jerk them up to 12 amperes or go down to 8 amperes. Machiners was better running at a high rate. The company had to make a change of an employee. The company was going to put in a 200 horse power engine and was going to an extra expense. If anybody will call attention to the lights when not burning the company would be glad to have them do so, President Acton, "Are the lights not to burn dark nights?" Mr. Gardner "We only desire to do what is right." President Acton, "The marshal was instructed to report when lights were not burning." (These instructions were given to Marshal Lord but not to Mr. Striker.) Mr. Gardner, "Moonlight nights the electric light hurts the eyes. Have you given instructions to shut off the light when it rains? We want to keep our contract and we want you to keep yours." Trustee Whiting, "In regard to any member of the Board notifying the Electric Light Company when the lights are needed is simply ridiculous. When it is comparatively dark the lights should be lit. It is ridiculous for any trustees or officer of the town to notify the company when they should do their duty. Don't think anybody would complain without reason." Mr. Gardner, "Am willing to leave it to the courts. It is per-

sonal." Trustee Hadlen, "I think persons in West Berkeley will testify that the lights were out of order. Think that it should be notified through the daily papers. There are two of them in Berkeley."

Mr. Gardner, "It was notified through the papers." Trustee Whiting, "If the lights fail to burn the Company should make a reduction." Trustee Stubenrauch said, "I think the light plant is a good one. If they don't burn don't think the Company should be liable." Trustee Whiting, "They don't burn dark nights." Trustee Stubenrauch, "It should be reported here." Mr. Gardner, "The gentleman from Dwight way objected and men were here to testify. We want to keep within bounds of the contract and are willing to live up to it." Trustee Hadlen, "Would the Company agree to reduce the bill?" Mr. Gardner, "Not at all." Trustee Whiting, "What is the reason when four lights are on a tour why does only two burn, sometimes three and sometimes two." Mr. Gardner, "If short circuited they go out." Trustee Whiting, "Am sorry to have you threaten the Board with the courts. Don't think any member wants to beat the Company out of anything."

A call was made for the reading of the Electric Company's bills. A bill for lights in the Columbia Engine house was reduced from \$10 to \$5. Trustee Whiting said that if the lights were burned the Company should be paid for them. Trustee Stubenrauch said to Whiting: "I don't believe you intend to give the Electric Light Company more than \$5.00." President Acton said he did not think it was necessary to have so many lights in the engine houses. It was moved and seconded that the Electric Light bills be laid over one week. All bills reported to the Board were passed upon except the Electric light bill which went over.

The amenities of the season were indulged in by the different members until Trustees Whiting left the room and the Board being without a quorum adjourned until Thursday evening.

The Electric Light Company's bills were laid over for one week. They amount to \$633 79.

Three young men, Frank Heywood, Arthur Dickeson and Harry Connelly, started out on a hunting expedition yesterday. They took a boat on the beach, and when the end of Taylor's wharf was reached the boat upset. Connelly, who is very tall, waded ashore, but the others had to swim. It took two dives to get the gun from the bottom of the sea. A good wetting was the most serious part of the trip.

BERKELEY IMPROVEMENT CLUBS.

There does not appear to be any better way for this town to become progressive than through the formation of clubs in each section of the town and thus concentrating the power for public good. The town covers so much territory that it becomes more necessary to have such bodies of men come together and discuss whatever may be for mutual benefit.

In this way each member of each club will be on the lookout and report to his own society whatever may be necessary to be done. The Secretary of the Club will then have information all the time which he can place before the Town Trustees or any public officer to whom it may properly belong.

It operates more ways than one. In the first place information is duly collected from the various members and presented in proper shape, where the most good will come from it. Again when information of this kind is presented to the Board of Trustees they are more likely to and do take notice of it, which if presented by a single individual is very apt to put aside for the time being and then it is not long before it is forgotten altogether unless that man who has the grievance persistently follows it up. It does not take long for a single person to get discouraged when working for the dear public if he does not immediately meet with success. He considers when he has made the want known that he has done his duty and thus but little if anything is accomplished.

Clubs heretofore formed have done good in their day, but for some reason interest was lost, and they practically went out of existence. Of late new and fresh societies have been formed, and men have become connected with them who are of a pushing character. When you find combinations of this kind you will notice that that section of the town is always asking for improvement, and they always get it.

Perhaps South Berkeley is a good illustration of what a live club can do. They have not got all they want by any means but in the short time in which the people of that section have banded together for the purpose of furthering public improvements a great deal has been accomplished and no doubt by the end of the coming year that division of Berkeley is very likely to advance ahead of other divisions of the same kind of progressive work is not performed in them.

The North Berkeley club does not seem to have been attending very much to public business of late. We think it would be a good idea if the several different clubs which are in active existence in the town should take up the new charter pre-

pared by the freeholders and discuss it these long winter evenings section by section until the whole bill has been gone through with. By doing so they can enlighten their neighbors and be in a more intelligent form of mind when they are called to make a new government.

An old West Ender came into the sanctum of the GAZETTE this morning and enquired if the printer was in. It turned out that he wanted to see the editor. He not being handy just then the reporter made enquiries as to his wants and found out that the man had been among his neighbors and had really got them to sign a petition which may be presented to the Board of Trustees Monday night to have an electric light placed on the bulkhead at the foot of Bancroft way to keep the China steamers from running into it and undoing the work of the town fathers.

The women's edition of the Christmas Examiner was a very successful issue, containing a large amount of very interesting reading matter as well as illustrations. Miss Adelaide Hanscom of North Berkeley was one of the artists who furnished designs and other work for this edition.

For Ladies.

During the holidays there are public entertainments which ladies always like to attend to say but little about the many private parties. To be in style a lady should have her hair dressed properly. It is often hours of labor to do this in a satisfactory manner. That this kind of work might be properly attended in a short time Mrs. Taber has established Hair Dressing parlors where any lady can get her hair dressed, not only quickly but a comparatively small price. It is a great boon to society ladies and there is no doubt but the accommodation will be properly appreciated. Her parlors are at 2130 Shattuck avenue near Center street.

A NEW BARBER SHOP

On the corner of University Avenue and 9th street. Children's hair neatly cut for 15 cents. Pupic patronage respectfully solicited.

Trustee Stubenrauch is chairman of the Finance Committee. \$abe.

The Board of Trustees will meet tomorrow evening for mental refreshment.

Walter LeFiles sprained his back while exercising yesterday and may not get around for several days.

The Chicago football team made a winning yesterday in its game with the Stanfords. The record was 24 to 4.

The steamship Columbia, Captain Bolls, plying for many years between San Francisco and Portland, Ore., was reported to be adrift yesterday near Point Reyes.

Assemblyman John A. McDonald was a visitor in Berkeley yesterday and was the guest of Mrs. McDonald on Catherine street.

Trustee Whiting is terribly sarcastic as well as caustic. He voted for Acton to be President of the Trustees. He floated this string in the air "During the pleasure of the Board."

Fred Fonzo entertained members of the Salvation Army last evening who were in a freezing condition.

Hugh King was severely injured yesterday by an electric car. The car ran into the team he was driving. More carelessness.

Trustee Stubenrauch plead very hard for the Electric Light Company's bill at the Board meeting on Monday night, but his colleagues were inexorable.

Members of Berkeley Council No 72, O. C. F., are cordially invited to attend a meeting Friday evening to elect officers and attend to other important business. Mrs. W. A. Bruckman, Councilor. Harry Wright, Secretary.

Among the many "scoops" made recently, the most conspicuous was that of a contemporary who took in a shovel, or something to that effect, from his friends. It was in acknowledgment of his superior use of the scissors. Does Harlin or Emslie know anything about this? Don't keep the news back; the public waits.

Not a Fortune in It.

City Wharfinger Rutherford has been compiling some figures lately and has come to the conclusion that a rival ferry system between Oakland and San Francisco is not a paying institution. According to his figures a ferry line will run behind from \$60 to \$62 a month on a daily service.

The steamer Mare Island was running between Oakland and San Francisco for two weeks. During that time she carried 176,194 pounds of freight the first week and 328,175 the second. This freight pays 50 cents a ton, making the receipts about \$126 50 for two weeks. Of this dockage cost \$4 72 per day, or \$56 64 for the two weeks. She burns \$7 50 worth of coal daily, and these expenditures and others leave the company \$21 14 behind. This is not counting the cost of water and help and other similar necessary adjuncts to a ferry system.

Queer Ways of the Toad.

Paternal affection is not perhaps the precise emotion that we should be disposed to look for in the cold-blooded frog. But the Surinam toad—of which no less than ten specimens have just arrived at Zoo—appears to exhibit the praiseworthy attitude of mind toward his numerous progeny.

When his mate lays her eggs the solicitous father places them carefully upon her back, where in due time their presence causes an irritation that produces numerous small holes, into which the eggs forthwith drop. In these cells, which, from mutual pressure get to be hexagonal, like honeycomb, the young frogs are finally hatched, and for a bit scramble about their mother's back, hiding in their nurseries when danger threatens. —London News.

Cliff House Burned.

The Cliff House, so long known as a resort for San Franciscans, and in fact to every one who visits the city, was destroyed by fire last evening. The fire was discovered about 8 o'clock p. m., and in two hours it was destroyed. Many of the pictures and mirrors were saved, also the silverware and a portion of the stock of wines and liquors.

Time pieces have fallen. If you don't believe it go and ask R. H. Curry on Center street and if he will be interviewed he will tell you his sign could not withstand the force of the north wind and fell to the sidewalk with a crash. The sidewalk stopped the movement but Curry knows how to repair it.

Niehaus seems to know something about electric lights.

If Donnavan had been made Trustee it would have suited Willie Schmidt, although he and his old time legal friend do not speak as they pass by.
